About me

I am a back-end developer, with proven ability to work independently and within teams, with a high degree of autonomy and responsibility. I would like to use my skills and experience to contribute to the team's goals while continuing my professional growth.

Work experience

Full-Stack (.NET / React) Internship · TechQuarter
August 2024 - October 2024 · 2 months

Developed a secure web-based system for managing children enrollments to courses. The platform enables parents to manage their children's attendance and enrollment details, while admins have control over classes and parent-child assignments.

Skills: C#, ASP.NET Core, Entity Framework, ReactJS, React Redux, Microsoft SQL Server, Restful APIs, Unit Testing, Git, Docker

.NET Internship · ISD
February 2024 - March 2024 · 1 month

Developed a secure web-based library management system. The platform allows users to borrow and suggest books. Librarians can manage the library's catalog and approve or reject borrowing requests.

Skills: C#, ASP.NET Core, Entity Framework, Blazor, PostgreSQL, Restful APIs, Unit Testing, Git, Docker

.NET Tech Course · Endava
October 2023 - December 2023 · 3 months

Developed a secure web-based wallets management system. The platform allows users to easily view their wallet balances and make transactions. Admins have control over managing currencies and wallet types.

Skills: C#, ASP.NET Core, Entity Framework, Blazor, Microsoft SQL Server, Restful APIs, Unit Testing, Git, Docker

PBL (.NET) · INDRIVO

September 2022 - December 2022 · 3 months

Developed a web-based customer relationship management (CRM) system. The platform facilitates efficient management of contacts, opportunities, and tasks.

Skills: C#, ASP.NET Core, Entity Framework, Blazor, Transact-SQL, Restful APIs, Git

Desired industry

- IT, Tech

Education: Higher

Universitatea Tehnica A Moldovei
Graduated in: 2024
Faculty: Calculatoare, Informatică și Microelectronică
Speciality: Ingineria software
